VILLAGE OF MALONE OFFERS RESOURCES TO HELP HOMEOWNERS

MALONE - The Village of Malone announced today the availability of important resources available to property owners who are nearing or facing foreclosure.

The resources are available as the result of a \$75,000 grant awarded to the village in 2017 resulting from a landmark lawsuit and bank settlement that gave municipalities in New York State an unprecedented opportunity to take stock of and address "zombie" and vacant properties in their communities.

The grant funds awarded to the Village of Malone are available for the purpose of taking stock of bank owned property and distributing information to homeowners at risk of pre-foreclosure or foreclosure.

"The Village of Malone is committed to removing blighted properties from the community, but also helping homeowners gain access to the tools and resources needed to stay in their homes," said Village of Malone Mayor Joe Riccio. "By working together with various levels of government and local non-profits, the Village seeks to provide education and assistance to prevent foreclosure through services offered locally and throughout the region."

Village residents in need of assistance can obtain information at the bottom of the home page on the Village of Malone website.
