Presentations were given by both Cornell Cooperative Extension and the Greater Malone YMCA for the program and management of the Recreation Park due to the retirement of Dan Andrews last year. The Board was impressed with both presentations and a question and answer period followed. Both entities stressed the importance of web and social media presence. We need to get the word out there that we are there for the families. Year round activities were addressed. The Board of Trustees will weigh both options that were proposed and will likely make a decision well in advance for either entity to get the programming in place for the coming season.

Respectfully submitted,

Cheryl A. Douglas, Village Clerk
